# CONTRACT TO BUILD BATHS LET Sick All the Time

Kotel Baths.

## The New Company Will File Its Articles Today.

The actual work of building the Hotel Baths will be commenced on Monday. The contract for the building, the picture of which appears herewith and which will be located on Hotel street, next door to the Young Hotel, was let yesterday to the Concrete Construction Company, the contract price being \$10,500.

The work of organizing the company to run the baths and erect the building has rather hung fire, but all deals were closed up yesterday, and the articles of incorporation for The Hotel Baths will be filed with the Territorial Treasurer today. The capital stock of the company is \$12,000, divided into twelve hundred shares of the par value of ten dollars each, and the Board of Directors named in the articles are J. L. Woods, W. A. Kinney, R. W. Shiegle, Geo. F. Cocks, A. A. Young, Carl Ramus, M. P. Robinson, D. P. R. Isenberg and I. Petrie.

The bath building is to contain a cement swimming pool, 75x40 feet, with a depth graduated from four to ten feet. The pool will be so arranged that it can be emptied daily. Over this pool will be toboggan chutes, traveling rings, trapeze, high dives, springboards and in fact all those things that go to contribute to the enjoyment of swimmers. The dressing rooms around the pool will accommodate a hundred or more bathers.

There will be the usual offices, of course, and in addition to the swimming pool it is proposed to set up a well-furnished Turkish bathing establishment. These would have all the modern appointments, and would com-

tain steam, hot air and massage rooms. There will be accommodations for both men and women. Besides all this, there will be exercise rooms and a gymnasium.

The water to supply the baths will be furnished by artesian wells, and there will be an abundance of it and of the best quality. In fact, it will be to the interest of the Bath Company to see that the water is changed as frequently as possible. This can be done daily. The bathing pool will become a popular place for all the sports that go with swimming, the management undertaking to see to that, and a pool of this kind, right in the heart of the city should prove very popular for those who have not the time to go to the various beaches.

Competent instructors in swimming will be on hand at the baths at all times, the most timid need not hesitate to plunge right in, and the Turkish baths also will be in good hands. It is said that the new baths will be ready to open to the public in three months.

## HAWAIIAN MUSIC AT THE HAWAIIAN

Owing to the interest in the singing of Mme. Alapai, her vocal selections will be continued as the feature of the Alameda day concerts at the Royal Hawaiian hotel. The third in this series will be this evening and it promises to eclipse its predecessors in the quality of the music to be offered.

Mme. Alapai will sing four numbers including "Old Plantation," which is always in demand, and "My Queen Rosebud," in which her wonderful voice is heard at its very best.

The Kaai glee club is down for a couple of vocal numbers in addition to the various Hawaiian numbers of the list. The full strength of the club will be utilized and an evening of enjoyment is assured. These concerts now offer the only opportunity to hear the very best in Hawaiian vocal and instrumental music.

The music is rendered during the hour of dinner, from 6:30 to 8 o'clock, and at its conclusion, there is a short interval for preparation after which dancing is the order for the rest of the evening. The full program is as follows:

## KAUAI HOMESTEADS ARE IN DEMAND

Subagent of the Land Office Deverill has been busy attending to the sale of the homestead lots in Kalaheo for a week or two. He has disposed of nine of the lots and has applications for four more on hand. The demand seems to be lively for such homes; especially are the Portuguese taking advantage of the opportunity to acquire a home of their own in proximity to a plantation where they will be able to secure employment steadily. The lots vary in size from five to ten acres according to location and soil and possess an added attraction in the fact that the McBryde Sugar Co. offers to assist intending settlers in building a house on the property and fence it.—The Garden Island.

## PHASES OF THE LIQUOR QUESTION

Editor Advertiser: "Local Option and High License"—a good slogan—"Local Option," because it puts it into the power of the immediate neighborhood to say that its boys shall not be demoralized and its real estate lessened in value by the saloon, and also because it puts the responsibility of allowing or prohibiting saloons on the shoulders of the voters of the neighborhood direct. "High License," yes, because it lessens the number of saloons and makes one go further for his drink and because the drinkers will be less likely to be poisoned by adulterated liquor.

I do not know whether adulterated liquor actually produces more of the "fighting" drunk than the pure article, as is intimated by the Advertiser. That is a matter of statistics. I think, myself, that it depends largely on the temperament of the man. I have often seen men who got drunk on the same liquor, become—one, "jolly drunk"; another, "weeping" drunk, and a third, "fighting" drunk; but I do know that adulterated liquor will undermine the health of any who drink it, and the sale of it should be stopped. We have an excellent law covering the matter and enforcement is what we need. Sections 33 to 39 of the liquor law of 1905 provide for the procuring of samples of liquor by the Treasurer, their analysis by the Food Commissioner and Analyst, and for the punishment of any whose liquor is found to be adulterated. The penalty for keeping such liquor for sale is a fine of not less than \$600 and the license may be revoked and bond forfeited. There is also a penalty of \$200 to \$600 for tampering with samples, with the alternative of imprisonment of six to twelve months, and a similar fine for refusing to deliver samples.

To set this machinery in motion it is only necessary to call the attention of the Treasurer to any dealer who is believed to be selling adulterated liquor. As the fifth-class saloons sell only in sealed containers, the dealers who sell to them are the proper ones to proceed against. Yours truly,

C. H. DICKEY.

## ONE CONDUCTOR AND ELEVEN AH MOS

It happened on the Wai'alae and Mountain Scenery trolley, Mr. and Mrs. Ah Mo and 9 little Ah Mos boarded the car and a wordy argument was soon in progress between the parents and the conductor, the point at issue being the ages of the little Mos. Mama Ah Mo striving to assure the man with the punch that all the dock were safely under the half-price limit, including a hustling little newsboy and a promising young bootblack.

The journey from Kapahulu road to the Pawaia junction was delayed only by the sporting of the wind with Ah Mo VII's hat and the loss of Daddy Ah Mo's transfer, incidents which did not put the car more than five minutes behind schedule time.

At Pawaia the crowd transferred to a Punahoa car. Hardly had it started when Mother Ah Mo exclaimed to the conductor:

"This tain go Bellytanla street."

The Celestials migrated from the car to the cornucopia shed when the trolley again came to a standstill a hundred yards away.

The conductor had fished out Ah Mo III from under a seat, fast asleep:

H. Lyman, of Kakaako fame, was the complainant in an assault case yesterday morning, for which Charles Mitchell was arrested. Lyman complains that not only did Mitchell assault him but that his own wife so far forgot her duty as to slap him in the face.

## Sick All the Time

UNTIL SHE TOOK DR. WILLIAMS' PINK PILLS.

Then She Ceased to be an Invalid and Has Been a Well Woman Ever Since.

"I suffered all the time, practically, from sickness of the stomach, dizziness or swimming in my head and pain in my back. Now I am entirely free from discomfort of that sort. I am not only able to keep on my feet, but to do my work as a teacher, and to enjoy the pleasures that come through the possession of good health."

That is the statement of Mrs. B. B. Ford, of Pushmataha, Miss., who continues as follows: "I am glad to tell others that my troubles were all remedied by Dr. Williams' Pink Pills, which are indeed a woman's friend. I heard of them first from an acquaintance in Arkansas who had found out their merits by actual use. What she said prompted me to try them in September of 1904, and within three weeks I experienced such relief that I knew that they must be adapted to the needs of my case. After using them for a short while longer I was thoroughly convinced of their helpfulness. I ceased to be an invalid, I became and have since remained a well woman, and the reason why is simply that I took Dr. Williams' Pink Pills."

The pills which Mrs. Ford so justly praises cure the chief ailments of women by thoroughly renovating the blood. They make functional action regular and painless, banish headaches, languor, nervousness, create appetite, promote digestion, put color in the complexion, build up strength and in a word enable women to reach and maintain full physical perfection.

Dr. Williams' Pink Pills actually make new blood and give strength and tone to every part of the body. In this way they have cured serious disorders of the blood and nerves, such as rheumatism, sciatica, anaemia, nervousness, headaches, partial paralysis, locomotor ataxia, St. Vitus' dance and many forms of weakness in either sex.

Every woman should send to the Dr. Williams Medicine Co., Schenectady, N. Y., for a valuable booklet, entitled "Plain Talks to Women." It will be mailed free in sealed envelope to the address of any applicant. Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50 cents a box, six boxes \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

### A WOODEN WEDDING.

Dr. and Mrs. Wilkinson's fifth anniversary occurred last Wednesday and, of course, they wanted to celebrate the occasion. As most all the other Lihue people have to get up with the sun during the week and therefore have to go to bed with that luminary, they decided to wait until Saturday. Mrs. C. M. V. Forster, Mrs. W. Scott, Mr. and Mrs. C. A. Rice, Mr. A. R. Rice and Guy Rankin were invited to join them at dinner that day and a most enjoyable evening was passed. The wooden spoon, washboard and other adjuncts of similar occasions were, of course, in evidence. When host and hostess have enjoyed another twenty years of connubial bliss they may exchange them for silver ones.—The Garden Island.

### FOUNDED IN HONGKONG.

No doubt you have seen in the papers such announcements as this concerning some medicine or other: "If, on trial, you write that this medicine has done you no good we will refund your money."—Now, we have never had reason to speak in that way concerning the remedy named in this article. In a trade extending throughout the world, nobody has ever complained that our medicine has failed, or asked for the return of his money. The public never grumbles at honesty and skillfully made bread, or at a medicine which really and actually does what it was made to do. The foundations of WAMPOLE'S PREPARATION are laid in sincerity and honour, the knowledge of which on the part of the people explains its popularity and success. There is nothing to disguise or conceal. It was not dreamed out, or discovered by accident; it was studied out, on the solid principles of applied medical science. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. This remedy is praised by all who have employed it in any of the diseases it is recommended to relieve and cure, and is effective from the first dose. In Anemia, Scrofula, Nervous and General Debility, Influenza, La Grippe, and Throat and Lung Troubles, it is a specific. Dr. Thos. Hunt Stucky says: "The continued use of it in my practice, convinces me that it is the most palatable, least nauseating, and best preparation now on the market." You can take it with the assurance of getting well. One bottle proves its intrinsic value. "You cannot be disappointed in it." Sold by all chemists everywhere.

## False Economy

often times proves disastrous. It is false economy not to rent a safe-deposit box for the bestowal of your valuable papers. Such a box may be obtained in our fire-proof vault for the payment of \$5.00 per year. You may pay the rent by the quarter, or at the rate of 50 cents per month. By doing so all worry of loss by fire or thieves is obviated and the possibility of serious personal loss entirely averted.
